

REMARKS

Claims 1-29 are in the application, of which Claims 1, 8, 15, and 27 are the independent claims. Claims 1, 8, 11, 15, 17, 27, and 28 are amended herein based on the claims submitted on December 23, 2008. Reconsideration and further examination are respectfully requested.

No new matter is believed to have been introduced to the application by this amendment. The changes to the claims are fully supported by the original disclosure, including, for example, original paragraphs [0009], [0048], [0050], [0055], [0059], [0060], and [0065].

Applicants thank the Examiner and her Supervisor for the thoughtful courtesies extended during the telephonic interview held on January 26, 2009. During the interview, Applicants' representative discussed amended independent claims 1, 8, 15 and 27, as presented herein, and the Sandia Report entitled, *Three Dimensional Visualization to Support Command and Control* (Slambrook). The Examiner and Supervisor stated that the amended independent claims would overcome the outstanding rejections over the cited art. Applicants thank the Examiner and Supervisor for the positive statement.

In view of the foregoing amendments and remarks, the entire application is believed to be in condition for allowance and such action is respectfully requested at the Examiner's earliest convenience. Applicants' undersigned attorney may be contacted at the address and telephone number set forth below.
